### **Doctor's Note**

*In order for us to be extra diligent on stopping the spread of contagious infections and illnesses, it is extremely important for parents to let the office know when your child is sick! Moreover, if your child is sick or has an infection of any kind, please make sure to bring a release note from your child's pediatrician when you bring them back to school. Doing so will ensure that we have followed our Health Policy by excluding children who are contagious from our program. If we feel that your child is sick or contagious and we do not have a release note from your pediatrician, please expect to receive a phone call asking you to pick your child up from school immediately. Thank you for your complete understanding on this matter.*

### **Traditions**

*One of the Early Childhood Center's traditions and philosophy is to include all in our celebrations. If you would like to come and share your family's traditions with your child's classroom, please let their teacher know.*

### **Winter Extended Care**

*If you need care for your child during our Winter Break, please fill out the Winter Break Extended Care Registration Form (sent out via email & available in each classroom). In order for your child to attend our Extended Care, a registration form **MUST** be turned into the ECC office by Monday, December 5, 2011. Staffing depends on the number of children registered, therefore, we cannot except non-registered children during our break. Thank you for your understanding!*

### **A Huge "Thank You!"**

*I would like to extend our sincere gratitude to Edwin Peng (Knox & Tessa's daddy) for taking the time over his busy Thanksgiving holiday to fix the crack in the cement in the backyard of Grandma's House!! It has made a huge difference, and we are no longer worried about safety issues!!*
