APRIL

OUR LEARNING focus...

Hello Families!

This month our theme is **Insects and Bugs**. This theme will be used to focus on fine motor skills through play and art. This month's songs will encourage vocalizing & mimicking gestures [Itsy Bitsy Spider, Baby Bumble Bee, Shoo Fly, and The Ants Go Marching One by One]

We will also be creating more opportunities for the children to express their needs through gestures, vocalizing, and signing, you may see us delaying gratification and encouraging them to point or sign for items of interest rather than us handing them what we know they want.

We have seen many of the children responding well to simple directions, a huge milestone! We will also focus on creating more opportunities for this as well. ["May I have the ball?", "Bring me the ball."]

Please label ALL children's items! Thank you!
