Thanksgiving/ NO  
Extended Care

### OUR LEARNING focus...

Hello Families!

This month our theme is **Family and Friends**

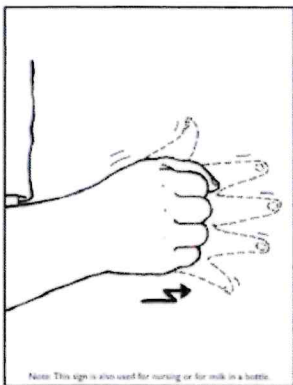

We will be using this theme to encourage new sounds for vocalizing and language skills. We'll be encouraging mirror play for the children to learn about themselves and mimic facial gestures.

We will still actively encourage gross motor development. We have seen many of our babies progressing to sitting on their own, crawling, rolling, and even some taking a few steps! YAYYY! We'll be introducing a few group activities for short periods of time throughout the day, this will be our "circle time", art activities, and group play. (We still work on fine motor through natural play)

Claremont is known for its trees and this season brings beautiful fall colors outdoors. We'll be going on more walks, please bring in sweaters and appropriate outdoor attire. Thank you!
